

THE GREENSBORO TELEGRAM

ESTABLISHED IN 1897.

GREENSBORO, N. C., TUESDAY MORNING, MAY 9, 1911.

VOL. 14. NO. 241.

FIVE KILLED IN BATTLE AT JUAREZ YESTERDAY

Twelve Others Wounded by Bullets That Crossed American Border---Madero Regrets Occurrence---Apprehension in Washington Over Situation.

Special to Telegram.

El Paso, Texas, May 8.—Five were killed and twelve wounded on the American side today during the fighting at Juarez. Among the killed are John Camp, Robert Ferguson of the Third Cavalry and Antonio Garcia. Among the wounded are Glenn Cheesman, Luis Villalobos, Edmund Heaton, Mrs. Joe Morehead. A thousand American troops are massed on the border to keep the crowd back.

Madero issued a statement tonight in which he expressed regret for the attack, especially the killing of people on the American side. There is some firing tonight, but the insurgents are gradually retiring.

Rebels Closing on Mexico.

Special to Telegram.

Mexico City, May 8.—The rebels are closing in on the city. Troops are being massed here for the defense of the capital of the republic.

Apprehension in Washington.

Special to Telegram.

Washington, May 8.—The latest news from Mexico has caused no little apprehension here. President Taft will not intervene unless Congress so instructs and all eyes are now turned to that body. It is quite probable that some action will be taken tomorrow, the killing of the American at El Paso, in the belief of many, being sufficient to warrant intervention.

JERSEY HUSBANDS

MUST CARRY COAL.

Camden, N. J., May 8.—Judge Joline sustained the cause of the new woman in a ruling made in the Camden Court. He declared that it was the duty of the husband and not of the wife to carry coal from the cellar, to cut the wood, hang up the clothesline and perform other odd jobs around the house.

LANDSDOWNES BILL

IN PARLIAMENT.

Special to Telegram.

London, May 8.—The Lansdownes bill for the reform of the House of Lords was introduced today. The bill forbids the king to create more than five new peers annually and provides for the election of the chamber of 350. Of this number the peers are to elect 100.

CENTRAL HIGHWAY PATHFINDERS BEGAN TRIP YESTERDAY

Special to Telegram.

Raleigh, May 8.—There is great interest here in the automobile scouting party that will this week make the run over the proposed route for the Central Highway that is to be constructed from Beaufort to Asheville and the Tennessee line, the run this week to be over the section from New Bern to Raleigh, with good roads meetings at Morehead, New Bern, Kinston, Goldsboro, Smithfield and Raleigh.

The party headed by H. B. Varner, president of the Central Highway Association, started today from Morehead and that the other stops will be, New Bern, Tuesday; Kinston, Wednesday; Goldsboro, Thursday and Smithfield Friday and at Raleigh Saturday. The trustees of the Central Highway, many of whom are making this automobile trip, are: G. D. Cranfield, Carteret; William Dunn, Craven; J. H. Bell, Jones; J. F. Hooker, Lenoir; G. C. Royall, Wayne; James A. Wellons, Johnston; Dr. J. M. Templeton, Wake; Dr. A. Cheatham, Durham; H. M. McIver, Orange; Capt. S. H. Webb, Alamance; Clem G. Wright, Guilford; H. B. Varner, Davidson; P. B. Beard, Rowan; R. R. Clark, Iredell; R. A. Shuford, Catawba; W. E. Walton, Burke; W. T. Morgan McDowell, E. C. Chambers, Buncombe; Thomas J. Murphy, Madison.

At Raleigh there is a rousing meeting awaiting the arrival of the pathfinders Saturday. A little later, early in June, indeed, there is to be the run over the western section of the route.

MANUFACTURERS OF COTTON HOLD ANNUAL MEET IN RICHMOND

Richmond, May 8.—Manufacturers of cotton goods from all sections of the country will meet at the Jefferson hotel on May 18-19 for the fifteenth annual convention of the American Cotton Manufacturers' Association. Twice in recent years the association has met in Richmond, a common point between the mills of the North and the cotton fields of the South. Last year's meeting was held in Charlotte, N. C.

The presiding officer this year will be D. Y. Cooper, president of the Henderson and Harriet Cotton Mills, said to be the largest producers of ring spun hosiery yarns in the United States.

The association of which he is president claims to represent in its membership, directly and indirectly, more wealth, brains and business ability than any similar organization in the United States, with the possible exception of the American Bankers' Association. Mr. Cooper is a native of Henderson, where he has resided all his life, his boast being that he did not have to leave home to achieve success. Beginning life on a farm in the poverty-stricken conditions which followed the war, he developed from a cotton planter and buyer into a manufacturer. He is still one of the largest landowners and planters in his county. In 1908 he was one of three delegates from the American Association to the International Cotton Manufacturers' Association in Paris, and he was also a delegate to the Pan-American Church Conference in London.

Mr. Cooper is a trustee of St. Mary's School, Raleigh, and a leader in educational affairs in his State. Before entering the business of cotton manufacture he owned one of the largest warehouses in North Carolina for the sale of loose tobacco, and was also one of the largest dealers in his State in bright leaf tobacco. His trademarks were familiar to traders in the Richmond warehouses. "J. C. D. Y. C." and later "D. Y. C." were familiar brands throughout the tobacco trade. Mr. Cooper has had large transactions in Richmond, both in tobacco and with the banks of this city, in several of which he is said to be largely interested. Several blocks of the stock of the Henderson and Harriet Mills, of which he is president, are held in Richmond.

The convention will hold its first session in the Jefferson auditorium at 10 a. m. on Thursday, May 18, and after the call to order by President Cooper, will be opened with prayer by Rev. S. C. Hatcher, after which an address of welcome will be delivered by Mayor Richardson. The annual address of the president will follow, and the body will at once get down to business.

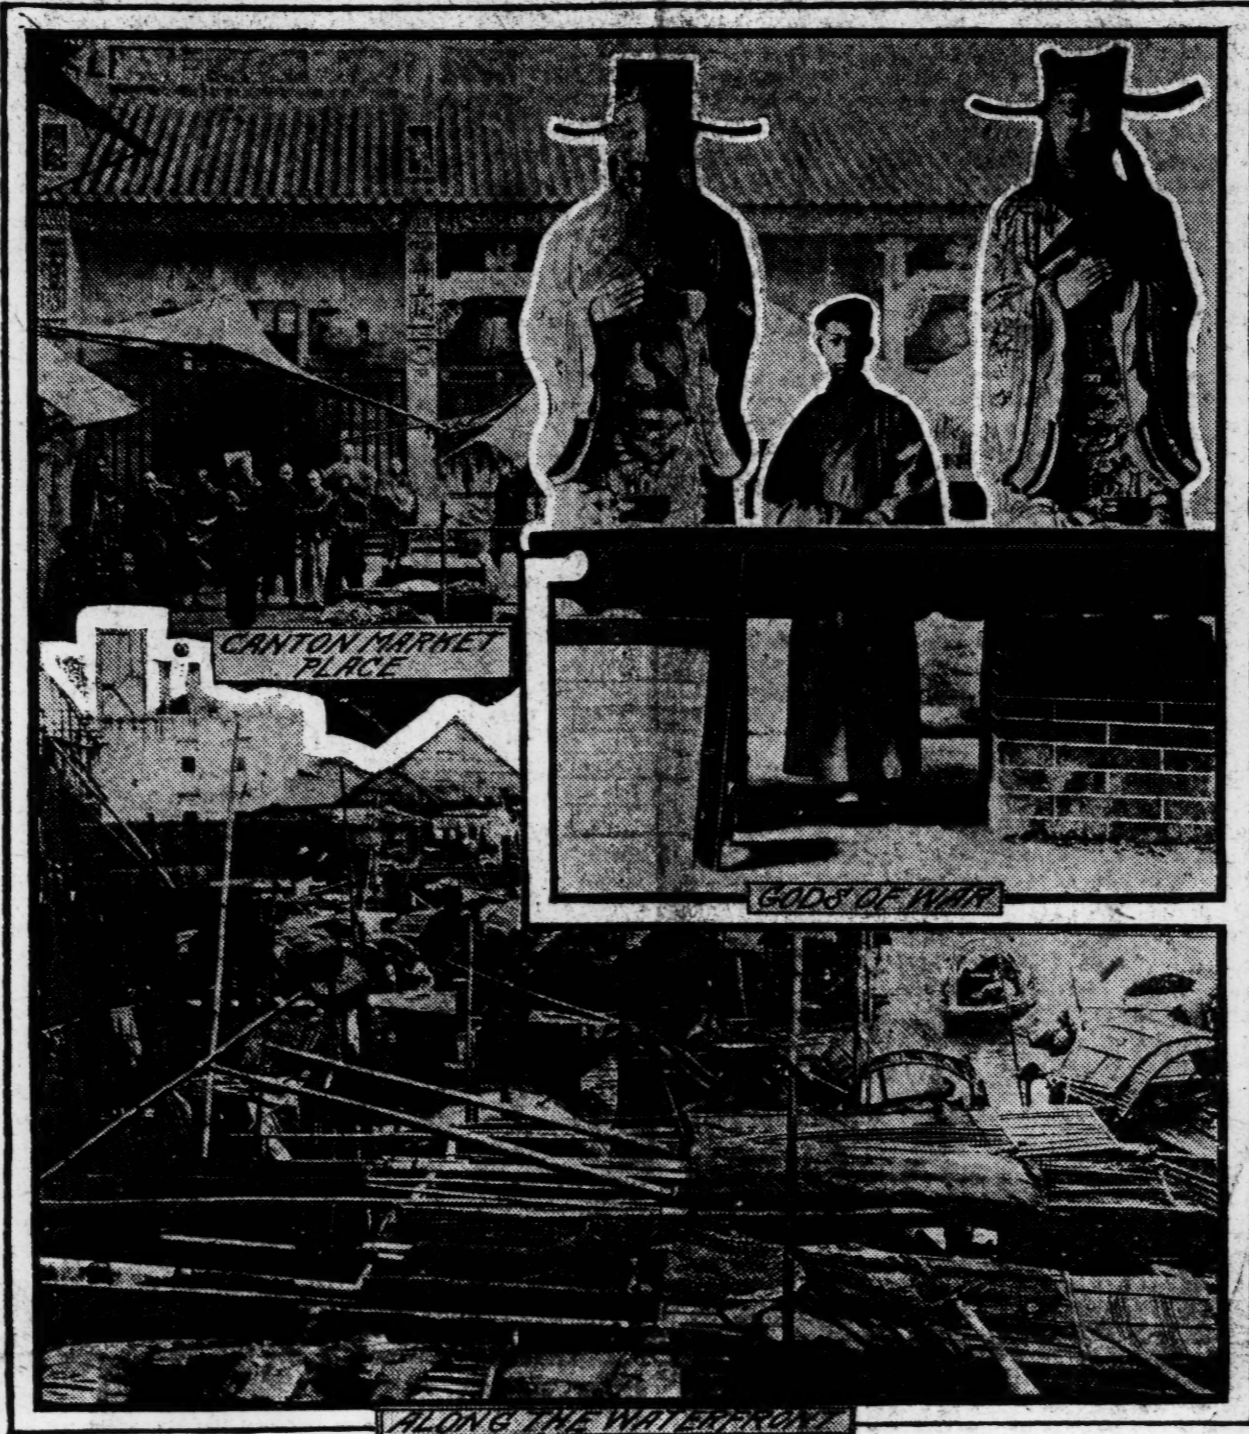

Papers are to be presented as follows: "Efficiency and Scientific Management," Harrington Emerson, of Boston; "Suggestions as to the Increase of Our Cotton Piece Goods Trade in China," by Dr. Gilbert Reid, missionary to China; "Proper Illumination of Mills," J. M. Smith, Cleveland, Ohio. Business features will be the presentation of the report of the joint committee on cotton exchanges by Chairman Lewis W. Parker, of Greenville, S. C., and the report of the committee on excess tare and cotton warehousing by John A. Law, of Spartanburg, S. C.

Signifying the resumption of friendly relations with the New York Cotton Exchange, which were broken at the meeting held in Richmond two years ago, there will be an address at the afternoon session on the topic, "The New York Cotton Exchange" by its president, Arthur R. Marsh, of New York.

Details of the program of the coming convention are in the hands of the following officers and members of the board of governors:

D. Y. Cooper, president, Henderson, N. C.; W. A. Erwin, chairman board of gov-

Chinese Revolutionists Riot and Pillage at Canton and Other Places In That Vicinity.

The revolutionists who started an uprising at Canton, China, recently captured a number of towns, and fighting and pillaging have been reported from different points, the movement extending over a large area. At one place where there was rioting the prefect was assassinated. American, British and German gunboats have been rushed to the scene for the protection of foreign residents. Dispatches reported that the troops and rebels engaged with great ferocity. Cuesless heads and headless bodies in European dress were strewn in the streets of the disturbed section.

PASTOR OF FRIENDS MEETING RESIGNS

Sunday Rev. Stephen S. Myrick tendered his resignation as pastor of the Asheboro Street Friends' meeting, the resignation to become effective on June 1. Rev. Mr. Myrick has served as pastor of this congregation for several years and his announcement brings sadness to the hearts of his congregation and to many others throughout the entire city as well for he is one of most popular pastors in the city.

Rev. Mr. Myrick will probably be sent as a missionary teacher to India. Prior to coming to Greensboro he spent a number of years in foreign fields and is well able to render valiant service in the country to which he may be sent.

The pulpit in the Asheboro Friends' meeting house will be filled after June 1 by visiting ministers until after the Yearly Meeting at Guilford College in August.

Germany Warns France.

Special to Telegram.

Berlin, Germany, May 8.—Germany has sent a warning to France to keep away from Fez. It is probable that the French column for the relief of the city will be halted.

ernors, Durham, N. C.; E. A. Smyth, vice-president, Greenville, S. C.

Members of board of governors—A. W. Smith, Spartanburg, S. C.; William E. Hooper, Baltimore, Md.; Ridley Watts, New York; C. H. Moody, Alabama City, Ala.; W. T. Bryan, Athens, Ga.; Carroll Baldwin, New York; J. C. Rankin, Dowell, N. C.; L. D. Tyson, Knoxville, Tenn.; C. D. Tuller, Atlanta, Ga.; W. H. Harris, Pawtucket, R. I.; W. E. Battie, Greenville, S. C.; Caesar Cone, Greensboro, N. C.; Scott Maxwell, Cordova, Ala.; J. P. Eddy, Providence, R. I.; G. B. Bryant, of Charlotte, N. C., is secretary and treasurer.

THIS MAN'S HEART WAS STITCHED

Special to Telegram.

Philadelphia, May 8.—Five stitches were taken today in the heart of James Donnelly for the purpose of closing a stab wound. He is in the Pennsylvania hospital, and the doctors hope he will recover.

BOOK PAPER MANUFACTURERS AGAINST RECIPROCITY.

Washington, May 8.—Protests of book paper manufacturers against Canadian reciprocity were made to the Senate finance committee which resumed hearings on the agreement today.

George Sullivan, representing a Philadelphia company, asserted that because of the vast wood supply and cheap water power in Canada coupled with advantages in the duty on raw material, Canadian book paper manufacturers could make their product at \$7 a ton less than Americans. He declared the agreement would put the American book paper manufacturers out of business.

Mr. Sullivan said there were forty-six book paper mills in the United States with 30,000 employees. The only book paper Americans export is Bible paper.

WARDAMAN DECLINES TO FURNISH EVIDENCE.

Jackson, Miss., May 8.—Because he had been out of office for three years and many of his vouchers showing how expenditures had been made were mislaid or lost, former Gov. J. K. Wardaman, who today appeared before C. J. Moore, examiner of public accounts, in answer to a subpoena, served upon him last Friday, declined to give any testimony whatever and the hearing was brought to an abrupt close.

The subpoena was issued for Mr. Wardaman to secure information concerning certain funds alleged to have been misapplied or misappropriated during his term of office. The hearing was very brief. He declared that Mr. Moore had no authority in law to conduct such an investigation.

BULLETS FELL IN EL PASO YESTERDAY

Special to Telegram.

El Paso, Texas, May 8.—Mexican bullets fell on American soil again today, in the fight between the rebels and federal troops at Juarez. Bullets fell thick and fast on the international line. Louis Hernandez, said to be a resident of El Paso, was shot in the leg as he stood on American soil. Several houses in El Paso were struck and bullets hit many buildings in the residence section.

MULE A SLAVE TO EMOTION.

Temperament, Not "Cussedness," Makes Long-Eared Beast Kick.

London, May 8.—Professor Wyndham Cottle, of the Royal College of Surgeons, says that long continued painful emotion in a mule, such as fear or anger, is translated into actual, if temporary, paralysis. In this announcement the professor is publicly backed up by Dr. R. Cunyngnam Brown, of the Isle of Wight.

These two investigators, who are prominent members of the National Society for the Prevention of Cruelty to Animals, assert that what is commonly considered as "cussedness" in a mule is simply a sort of cataleptic state into which the poor animal has fallen through fright or indignation. The beast does not balk intentionally, and there is no malice in the kick it so often delivers when in this unfortunate and irritable condition. Often the kick puts whoever gets in the way into a state of paralysis or catalepsy.

Gentle treatment, kind words, perhaps a bit of sugar, are the best ways for restoring a distracted and irresponsible mule to its normal state. "Sulking" animals, assert the two learned investigators, are as a rule not sulking at all, but are merely scared out of the voluntary use of their muscles.

EX-GOV. GLENN TALKS POLITICS; SEES NATIONAL VICTORY AHEAD

Believes Wilson or Harmon will be Next President---Declined to Discuss North Carolina Senatorial Situation---Saw Ex-Governor Aycock.

COMMISSIONERS ARE GETTING DOWN TO BUSINESS FAST

The commissioners are getting down to business, picking up the odds and ends of the municipal business and systematizing it with remarkable rapidity. Of course, it will take at least two months for the commissioners to get "on to the hang" of their business and be in a position to do their best work. As soon as their offices are completed, workmen now being engaged in arranging offices in the south end of the city hall building, their work will be much easier in that each man will have a place to collect and keep his data and records. At present Mayor Murphy and Commissioner Brown have no office.

Commissioner Foushee is to occupy the office formerly used by Chairman Sergeant, of the Water & Light Commission. Mayor Murphy and Commissioner Brown will have offices in the room formerly used by the tax collector. Building Inspector Milton will also have an office in this room. The police will remain in their present office and Health Officer Donovan will have his office there also.

Yesterday Commissioner Brown was sworn in as treasurer and part of the funds of the city turned over to his keeping. As soon as a settlement is made with the old city treasurer the entire funds of the city will be turned over.

Health Officer J. W. Donovan was sworn in yesterday morning and began his duties under the supervision of City Physician A. R. Wilson. He will have his office at police headquarters and can be reached over telephone 65 by those desiring his services, or desiring the trash and garbage wagons.

Commissioner Brown yesterday had the orders made for the new uniforms for the officers and these will be gotten as soon as possible. Until these are made several of the officers will wear their citizens clothes.

Several matters were brought up at yesterday's meeting of the commissioners. Fred N. Taylor was elected chief of the fire department and W. L. Cranford was elected assistant chief. These officials were chosen by the fire department and the action of the commissioners was merely formal.

A committee, composed of Dr. Charles Roberson, Dr. H. H. Dodson and O. L. Sapp and C. M. Vanstory, appeared before the board and asked that the former health officer, J. M. Simpson, be continued for a few months at least until Health Officer Donovan becomes thoroughly familiar with his work. They urged this step in view of the epidemic of smallpox that is, they stated, spreading over the city. However, it was stated that City Physician Wilson does not fear a spread of the disease as he feels that the new health officer, with his assistance, will be able to cope with the situation.

NEGRO UNDERTAKER FINED.

Raleigh, May 8.—Because he shipped the body of Lewis West, the negro electrocuted at the State's prison Friday, to Fayetteville without the necessary removal permit from the city health authorities, George Lane, the colored undertaker here, was fined \$5 and costs today in the police court. He appealed and gave \$100 bond. He pleaded that he was at home sick and had someone else looking after the work for him and thought this regulation was being complied with.

ALL FOUR GRANDMOTHERS ATTENDED WEDDING

Chicago, May 8.—An unusual wedding feature was presented at the Hotel Sherman recently when the four grandmothers of the bride and the groom preceded Miss Theresa Thurman, daughter of Mr. and Mrs. Max Elman, 3825 West Monroe street, and William Sabath, 1914 South Ashland avenue, nephew of Congressman Adolph J. Sabath, to an improvised altar in the crystal room of the hotel. They were married by Rabbi Morris Engerleider.

Special to Telegram.

Raleigh, May 8.—Governor Woodrow Wilson is growing to an amazing degree with the people of the East and the South, declared ex-Gov. R. B. Glenn this morning in discussing the political outlook as it bears on the probable Democratic nominee for the presidency in 1912. Governor Glenn said that he had previously expressed the opinion that Judson Harmon, of Ohio, would be the Democratic candidate to oppose President Taft. He now believes that the candidacy lies between Harmon and Wilson. However just now with the great strength that Wilson is developing in the South and in the Eastern states, there is every indication that he will distance Harmon unless there is some unexpected check to the spread of the Wilson favoritism now so evident.

Governor Glenn says that in his travels throughout the country he is impressed with the general conviction there is evident that next year is to be a Democratic year and that it seems to him that about the only thing that can prevent the realization of this expected Democratic victory is some mistake in Congress by the party leaders and he anticipates no such outcome.

Asked about his view of the situation in this State as to the Senatorial contest Governor Glenn evaded an expression of preference as to Senator Simmons or Governor Kitchin. He is known to be a warm friend of ex-Governor Aycock. He did say that he thinks if Governor Aycock is to get in the race at all he should declare his candidacy without further delay. He says the friends of the ex-Governor are entitled to know whether he will be in the race or not. Many of them are being pressed, he says, to line up with one or the other of the two avowed candidates, Simmons and Kitchin, and the Aycock following should not be embarrassed in their attitude toward the others by having to hold off for long on an uncertainty as to the Aycock candidacy. Mr. Glenn called on ex-Governor Aycock this morning and had quite a conference with him.

Ex-Governor Glenn was here to deliver his Home Missions address from the pulpit of the Presbyterian church Sunday. He was greeted by an immense audience and his address was typically earnest, forceful and effective. The waning of manhood and money with strong drink, tobacco, cigars, cigarettes, chewing gum and other things came in for criticism and the presentation of striking figures in connection with his plea for mission funds.

AEROPLANE USED IN ARMY MANEUVERS AT SAN ANTONIO

Special to Telegram.

San Antonio, Texas, May 7.—In a sham battle yesterday participated in by the entire army division here under the command of Major-General Carter, every branch of the army service gave a splendid account of itself. Theoretically, a command of the army was cut off, isolated at Leon Springs, twenty miles to the northwest. Not only was this command cut off and in imminent danger from the enemy intervening, but the infantry was out of ammunition. There was no way to supply this division with ammunition except by the air men. Those in charge of the flying machines distinguished themselves, by making many trips to Leon Springs, carrying from 250 to 400 pounds of ammunition each trip, turning the north flank of the supposed enemy in doing so. Both the Wright and the Curtiss machines covered the distance to the Springs in twenty-four minutes and at places where the wind was in their favor showed a speed of sixty-five miles an hour. In addition to this weight of ammunition, the Wright's machine carried two men and encountered a thirty-five mile wind on two of the trips. But notwithstanding this, flights were perfectly successful in every detail and demonstrated beyond question the utility of the flying machine in time of actual battle. While theoretically the enemy was defeated, the real victory of the various departments of the service was that won by the airmen.

THE GREENSBORO TELEGRAM

Established 1897.

Published every morning except Monday.

THE TELEGRAM COMPANY,

208 South Davis Street, Greensboro, N. C.

J. T. FAIR Editor.

H. G. BRAXTON, Business Manager.

Per month......45
By year or quarter as above.

Subscribers desiring the address of their paper changed will please give both the old and the new address.

The Greensboro Telegram does not accept whisky, beer or objectionable advertising.

CHAMP CLARK FOR PEACE.

Speaker Champ Clark of the United States Congress is an advocate of peace. He was one of the orators at the Third National Peace Congress in Baltimore and delivered one of the most impressive peace speeches heard there. The basis of Mr. Clark's argument was that the United States has attained to such size and strength as a world power that its position is practically impregnable and, therefore, this country can afford to lead the world in the peace movement and the obligation to do so rests upon it because of this position as the greatest of the world powers. Mr. Clark deprecated the fact that war heroes have been honored in this country to the exclusion of statesmen, thinkers and men of affairs who were not soldiers. He declared that while he is from Missouri, a State in which the horse is held in highest esteem, he favored making junk of the equestrian statues of war heroes in Washington City.

There is sound sense in much of Mr. Clark's speech and it will be good for the country if some of what he advocated in his Baltimore address finds permanency in the teachings of the future with reference to the men who have been our national leaders. It is needless to say that Mr. Clark's attitude on the subject of world-wide peace is the correct position. Enlightened men are more and more coming to the conclusion that war is hardly ever justifiable and that civilized men everywhere should advocate peace and oppose war. One of the forceful methods by which the teachings of those who believe in peace can be inculcated in the minds of the rising and of coming generations is by stressing the fact that this great nation is not solely the result of the labors of warriors. Men of peace have built here, and they have labored wisely and effectively. Mr. Clark's suggestion that the heroes of peace should be honored, as well as the mighty men of war, is opportune and it is a wise suggestion.

All nations have their heroes. This country has a great number and has always been a nation of hero worshippers. Hero worship here, as in all nations and all ages, has exerted a powerful influence in shaping the opinions and moulding the character of American citizens. Hence the importance of hero worship and the importance of giving it proper direction.

This country today is largely what the leaders of American thought and action have made it, and not alone by their personal efforts. The influence of their characters and lives has done as much, perhaps, to shape the destiny of the country as was accomplished by their own efforts. Men die, but the influences of their lives do not perish. Both the evil and the good influences they set in motion live after them. Consequently, the heroes of this country and its great men are still laboring among us, through subtle trains of influence and example which they started in motion down the ages while they were yet living. In this way the heroes of the nation, its great men who are remembered and whose examples are a force in our national life, help to form the character of the generations succeeding them and hero worship becomes a factor in the life of the nation to its remotest day of existence.

Hero worshippers have been and are yet numerous in this country, and it is true, as Champ Clark has pointed out, that most of our national heroes have been military men, either by profession or on account of force of circumstances. This has naturally made of this a war-

like country and its people a people who, as a nation, have never frowned upon war but have always been martial in spirit and ready for war when the occasion to fight was presented. By bringing to the fore some of our heroes of peace and relegating to the background many of our heroes of war, it is altogether possible to change the point of view of coming generations; and this changed view will force upon the country the conclusion that war is not desirable or profitable for a people and that peace has its victories greater than those achieved in battle.

Our war heroes should not be forgotten, but they should not be remembered to the exclusion of our great statesmen and men of affairs who have made this country renowned in peace as its military heroes have made it renowned in war. By stressing the lives and examples of our peace heroes more and of our war heroes less, wholesome lessons may be taught the rising and future generations and a contribution of lasting value be made to the movement for world-wide peace.

Says the Wilmington Dispatch: "In most cases the recall means a call down." The Dispatch is mistaken. It does not mean that in most cases, but in all.

The folks are waiting impatiently for genuine straw hat weather, but the Weather Man is acting like he intended to keep them waiting for a "spell."

Now they are beginning to tell us in the papers why Spring is late. That is adding insult to injury. Who wants to know the cause, in view of the fact that nobody is able to change the weather?

They are talking about the Greensboro Commission throughout the State. No matter how hard they try, the other cities of North Carolina find it impossible to ignore the happenings in Greensboro. Evidently, it is because there is always something doing here.

Lincoln Beachy, the aviator who was in Greensboro several weeks ago, was the first man to circle the capitol in Washington City in a heavier-than-air machine. This feat was accomplished at the aviation meet in Washington City last week.

Greenville Piedmont states that summer has not arrived in that city but that the summer girls have. From which we infer that the girls down there are arrayed in their summery habiliments. This is not always dependable evidence, however, as some of the girls wear summer clothing the entire year.

News comes from London that the harem skirt fashion is dead in the world's metropolis. Few dresses made in this fashion are on sale in the London stores and there is no demand for them. Doubtless the Queen's ultimatum that harem and hobbles and kindred fashions would be barred from the coronation ceremonies has had the effect of making these modes unfashionable in London. It is to be hoped the women of this country will follow the example of their English cousins.

Only a few days more to take advantage of the opportunity to get The Telegram for \$3 per year. As it is now worth \$5, this rare bargain opportunity should not be overlooked. Subscriptions are accepted now at the old rate only for a full year. This offer is good until May 15th. At the new rate subscribers can pay by the week, month, three months, six months, by the year or for any other period. This matter will be adjusted to suit the individual. The idea some people appear to have that The Telegram is not accepting subscriptions for less than a year is entirely erroneous, except as to the old rate, and that offer is good only until May 15th. Read the figures at the top of The Telegram's editorial columns for information in regard to subscription rates.

PROTECT YOUR MEMORY

(By CARA REESE.)

Nothing of the sort. You will be precisely like the man in the story. He was the heir to a lordly estate and in his youth had everything at his command.

But he was reckless and a spendthrift and finally drifted far from home and at last all of the possessions had gone to wreck and ruin, fortune squandered and strangers holding right and title to everything. Years passed and the reckless one began to reform. Finally he had built up for himself in a new country a goodly reputation and a fairly respectable income. There came over him a yearning to visit the old

domains and perhaps to purchase and restore the same and to live thereafter as a retired lord of the manor.

Before taking any definite steps as to purchase, he resolved to go back as a disguised wanderer and thus ascertain at public house and in village chat, just that degree of esteem in which his memory was held. What he heard made his hair stand on end. He was painted black as the deepest dye by the venerable dames, there were crimes against society laid to his credit, his ne'er do well ways were held responsible for all evil influence which had flourished. It was supposed that he had ended his villainous career long ago by the customary route. Even his old nurse had nothing to say to his credit.

He left in a hurry and he did not buy the place. In this case the evil certainly was not interred with the bones. He beheld himself as an abhorred and detested memory. And this will be the same with you. You are cutting lively capers, going a reckless pace and sowing wild oats for a future reaping. Down in the bottom of your heart you are not really dissolute and wicked. You are convinced too, in your calmer moments that some day you will turn a new leaf and become a pillar of society and a valued member of the community. Perhaps you will take a fling in a foreign country first and after you have gained control of yourself and have been successful in a material sense, then turn your face homeward to restore the family name and lares and penates.

But, it might be well to look ahead a little and to make arrangements for a spotless memory during your absence. Youth is so thoughtless. The maidens as well as the gallants go their frivolous gait unmindful of the impressions. The years roll on and by and by the same individuals, steady, cultured and toned down come knocking for a place and a hearing in the domain of their childhood. Somebody recalls the silly escapade. Somebody brings to mind the foolish conduct or the madcap pranks. Somebody winks and whispers, "frivolous and untrustworthy," and lo, former privileges and hands of fellowship are not renewed or extended.

And it is the same with spirit of adventure. Sometimes the youth or the maiden who leaves home in a temper to try for luck in the world is able to return and make good with worthily accumulated wisdom and fortune. But usually there is distrust where there has been no blessing in the departure. Go forth, but leave a name that will not tarnish during your absence.

Sense in Short Sentences

A little rouge covers a multitude of skins.

The aristocracy is made up of folks that have to look rich, however poor they are.

A lot of men sing patriotic songs in times of trouble just to keep their teeth from chattering.

Most fathers spend half their time trying to make the baby laugh, and when the kid grows up it puts in overtime trying to make the old man cry. Sort of getting its own back.

A real friend never laughs at our misfortune—until we have gone home.

She's a lucky woman who gets enough leisure to repent in after she's married.

Our grandmothers were old at 40. Times have changed now; there isn't any such person as a woman of 50—unless she is forced to acknowledge a son of 45.

Making money isn't near so hard as keeping it.

Divorce is an expensive way of repenting.

Faith is believing something you know isn't true.

The people who are willing to lend you money are those who have just parted with their last quarter.

An enterprising superintendent was engaged one Sunday to teach his pupils the catechism, varying the usual method by beginning at the end of the catechism.

After asking what were the prerequisites for the holy communion and confirmation, and receiving satisfactory replies, he asked:

"And now, boys, tell me what must precede baptism?"

A lively urchin shouted out: "A baby, sir!"

"Do you think they approved of my sermon?" asked the newly appointed rector, hopeful that he had made a good impression.

"Yes, I think so," replied his wife; "they were all nodding."

Old Party—Ah! Playing London Bridge is Falling Down?

Gwendolyn Richd—Oh, no. We're playing papa's 10-story building is being razed to make room for a 40-story skyscraper.—Puck.

COMMENTING ON THE GREENSBORO COMMISSION

The election of Mr. Iseley, while he is a very able and intelligent officer, indicates that the commissioners yielded to the wishes of that element that favors an "open town" and ousted Chief of Police C. F. Neely, who has held the place for the last six years and been a most active and energetic officer. Sergeant C. A. Jones and Health Officer Simpson were also candidates for the place, while Mr. Iseley was not generally known to be a candidate. Several of the old patrolmen were re-elected, and a few new names added. Most of the officers have been on the force at one time or another.—Winston-Salem Sentinel.

Certainly a town that elects three commissioners and pays them a good price to do the town's business does not

want politicians. It can get these for nothing.—Durham Herald.

If Greensboro's commissioners have done no worse than to go into executive session to transact their business it is too early to pronounce them a failure.—Durham Herald.

Says the Durham Herald: "Greensboro should not be finding fault with her commissioners until they have had time to get the hang of the thing." There is no law against fault finding and criticism, so the commissioners needn't get worried over it till the fault finders and critics begin to run around with a petition for their "recall." It is only when a man is called down that he is really up against it.—Wilmington Star.

LOVE OF OTHERS

(By HARRIET PRESCOTT SPOFFORD)

There will be little happiness in our home, after all, if it has been built and conducted only for ourselves, and if we have not comprehended that the rest of the world has a share in it, and have not given ourselves the happiness of giving—giving not indiscriminately, but wisely and joyously. As the season approaches when begging children appear at every city alleyway and country door, we are tempted constantly to pay no heed to the rule we have been advised to form of giving no alms at the door, but of referring the applicant to the bureaus of associated charity, or to one society or another that stands ready to afford assistance where needed.

But from this denial and cold reference the heart shrinks, whether or not reflection and reason show that in referring those asking help to these societies we in reality give them far more efficient help than it is possible for us to bestow ourselves. For certainly, in our large cities, a charity has come under such system, and philanthropy is so well organized as a business, with salaried agents, that it almost brings in to being, as a counterpart, the profession of pauperism.

Let a person once prove himself in need and incapable of exertion, and bureaus with salaried officers make that person an object of solicitude; there are hospitals in which the destitute child can be born, asylums where it can be reared, schools where it can be educated, reformatories, if need be, where it can be trained, institutions from which later on it can be fed, and public fees at last with which it can be buried. In fact, being recognized and acknowledged as a pauper, it can be taken care of from the cradle to the grave.

It has, of course, been a question with many who desire the advance of the human race as to how far such charities are calculated to advance it, and whether, indeed, they do not lower its average usefulness, virtue and intelligence.

So long as the tender sympathy with suffering which exists in the heart of almost all who are themselves free from want and suffering will not allow the beholder to see this trouble without trying to alleviate it, the imprudent, the improvident and reckless will go on defiantly multiplying cares and wants, sure that they will be relieved in a community that can not be disgraced by the starvation of any of its members, and could not, from pure pity, suffer the thought of starvation anyway, if brought to its notice, as such a case surely would be.

Yet the whole direction of this sort of thing, according to the opinion of the greater number of those who have made pauperism and charity a subject of scientific study, is to increase the proportion of paupers, and so to deteriorate the moral and mental condition, not only of scattered individuals, but of the race.

"All the world's a stage," quoted the Wise Guy. "Yes," asserted the Simple Mug, "but that is no reason why all the comedians should be sent to Congress."

EVEN CURES ULCERS.

Remarkable Results From Eczema Remedy That Costs Almost Nothing.

No matter how bad a sore or ulcer afflicts you, HOKARA, the pure skin food, will cure it. In fact, if it doesn't cure, the purchase price will be refunded.

Howard Gardner, the local agents for HOKARA, who has sold hundreds of packages the last few weeks, says he has yet to find any form of wound or disease affecting the skin that HOKARA does not heal, and its relief is so instantaneous that those who try it are simply delighted with it.

Howard Gardner is selling a liberal jar of HOKARA at the low price of 25c.

HINTS FOR THE BOUDOIR

(By MILDRED WYCKOFF.)

A Clear Skin.

A clear skin is one of the essentials of good health and beauty, and nothing conduces more to this end than frequent baths and brisk rubbings. They will do much to keep the skin soft and the whole body vigorous.

Freckles.

A good lotion for freckles is composed of a teaspoonful of ammonium chloride to four ounces of distilled water.

Drink Water.

Drink water early in the morning and late at night. Fruit is, however, a good substitute for the early morning drink.

Avoid Sunburn.

It has been a sad during the summer for several years, for girls to get sunburned, and be quite regardless of their complexions, but the wise girl will carry a parasol, and for the greatest comfort, and to prevent all strain and glare to her eyes, let her have a dark green lining to it. This lining will not affect in any way the outside covering or the appearance of her parasol.

Chapped Hands.

Into one pint of clear water pour one-half ounce of pure glycerine, four table-spoonsful of powdered borax, one block of gum camphor and one-half pint of bay rum. This preparation is an old and successful remedy.

In the Wake of the Measles.

The little son of Mrs. O. B. Palmer, Little Rock, Ark., had the measles. The result was a severe cough which grew worse and he could not sleep. She says: "One bottle of Foley's Honey and Tar Compound completely cured him and he has never been bothered since." Croup, Whooping cough, measles cough all yield to Foley's Honey and Tar Compound. The genuine is in the yellow package always. Refuse substitutes. For sale by Howard Gardner.

Doctor—"What you want to do is to go away for a change of climate." Patient—"What's the matter with this? Isn't our climate changeable enough?"

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Some men are born great, some achieve greatness, and others have greatness thrust upon them, but you can't make them believe it.

ONE WEAK SPOT

Most Greensboro People Have a Weak Spot and Too Often It's the Back. Everyone has a weak spot. Too often it's a bad back.

Twinges follow every sudden twist. Dull aching keeps up, day and night. Tells you the kidneys need help—For backache is really kidney-ache. A kidney cure is what you need. Doan's Kidney Pills help sick kidneys.

Are for backache and urinary ills. Good proof of their merit in the following statement.

Mrs. J. W. Pettigrew, Main St., Reidsville, N. C., says: "I continue to think Doan's Kidney Pills an excellent remedy for the kidneys and gladly verify the statement I gave in their praise nearly three years ago. For several years I had kidney complaint and there was a dull ache across the small of my back and in my head. I often felt worn out and was miserable in every way, when I got Doan's Kidney Pills. They lived up to the claims made for them, restoring me to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The young wife watched her husband carefully fold a piece of paper and put it in the farther corner of a drawer in the library table and the fact that he seemed ill at ease aroused her curiosity.

"What's that, dear?" she asked. "Oh, nothing," he replied, trying hard not to smile.

Still she wondered what it was, and reasoned with herself that as he had said it was nothing of importance she would look at it, and she did, at the first opportunity. This is what she found scribbled on the piece of paper:

"I'll bet you a new spring hat your curiosity will not permit you to leave this alone."

How could she claim the new hat without giving herself away?

A Burglar's Awful Deed

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlay, of Leadville, Tenn. If ailing, try them. 25c at Fariss-Klutznick Drug Co.

The Cynical Bachelor rises to remark that many a fellow marries a girl because he doesn't know any better—girl.

Foley Kidney Pills take hold of your system and help you to rid yourself of your dragging backache, dull headache, nervousness, impaired eyesight, and of all the ills resulting from the impaired action of your kidneys and bladder. Remember it is Foley Kidney Pills that do this. For sale by Howard Gardner.

The world is but a fleeting show, but on the other hand don't forget the fact that there is no free list.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by Fariss-Klutznick Drug Co.

The principal difference between a politician and a statesman depends largely upon the perquisites.

WARNING TO RAILROAD MEN.

E. S. Bacon, 11 East St., Bath, Me., sends out this warning to railroad men: "As conductor on the railroad, my work caused a chronic inflammation of the kidneys, and I was miserable and all played out. A friend advised Foley Kidney Pills and from the day I commenced taking them, I began to regain my strength. The inflammation cleared and I am far better than I have been for twenty years. The weakness and dizzy spells are a thing of the past and I highly recommend Foley Kidney Pills."

The still, small voice of conscience sometimes becomes so loud that the neighbors hear it first.

Do You Have the Right Kind of Help? Foley Kidney Pills furnish you the right kind of help to neutralize and remove the poisons that cause backache, headache, nervousness, and other kidney and bladder ailments. For sale by Howard Gardner.

Willie—What's the most ferocious animal in the circus, papa?

Pa—The calicoe, my son.—Woman's Home Companion.

Foley Kidney Pills are a true medicine. They are healing, strengthening, antiseptic and tonic. They act quickly.

Aesop was writing his fables. "Why don't you get one about it being cheaper to own your own home than to pay rent?" sneered a suburbanite.

Herewith he saw a lost opportunity.—New York Sun.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance. Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send the 10 stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed.

BORAH RESUMES FIGHT IN SENATE

Hopes to Force Vote on Direct
Election.

ACTION WILL BE DELAYED.

Long Debate Will Be Used in Effort to Kill the Measure—Utmost Liberty in the Matter of Debate on the Tariff. Much Talk Intended For "Home Consumption" Has Been Heard.

By ARTHUR W. DUNN.

Washington, May 8.—[Special.]—Senator Borah is going to make the same effort to force a vote on the resolution for the election of senators by direct vote that he used in the short session. That he will have a hard fight to get a vote there can be little doubt. That a vote was allowed in the last session was because a careful canvass showed that the necessary two-thirds vote could not be gained in its favor in the senate.

Senator Borah is confident that the resolution will now pass without the Sutherland amendment. This is very important, for it is known that with the Sutherland amendment the resolution will be defeated in the house or fail of ratification by the states. That an effort will be made to kill the resolution or postpone it by a long debate seems likely, but it takes a mighty strong minority to accomplish any such result in a session of unlimited length.

Plenty of Time.

When the Republicans come to analyze the proceedings of the present session of congress they will be compelled to acknowledge that there has been the utmost liberality in the matter of debate and discussion. In fact, the tariff debate has been "runnin' em-tin's," as an old political farmer was often heard to remark when discussion became dreary and no one cared to listen.

Much "home consumption" talk has been heard, and each man has said what he thought would be most pleasing to his constituents when the speeches are sent broadcast among the people for their perusal. "Talk is cheap" in congress these days.

"Taking It on Gradually."

"You seem to fit into the senate pretty well," I remarked to John Sharp Williams of Mississippi. "Do you think so?" he replied. "Well, I am taking it on gradually—just gradually."

But for a new senator he has done pretty well. He became a member of the steering committee of the minority and a member of the finance committee, the most important committee in the senate. That is not so awfully gradual. Most senators wait many years before getting such honors.

Best Decorated Rooms.

When the capitol building was completed two rooms side by side were decorated especially for the military and the navy committees. For years they have been used for the purpose, but by recent changes they have become the rooms of the committee on appropriations, of which Senator Warren is chairman.

Warren was chairman of military affairs, but he liked the rooms so well he did not move. The decorations suit him. Not only that, but the Wyoming senator is quite a beau, and often there are luncheon parties in his rooms, when official society is well represented. The frocks and hats of the women seem to fit in well with the gayly decorated rooms which have come to the Wyoming senator.

Where They Went.

Minority Leader Mann was telling of a trip he made on a canal. "Where did you go?" he was asked.

"We went from Chesapeake City to Delaware City," replied Mann. "Now do you know anything more about it than before?"

And they did not, although it is part of a great scheme which J. Hampton Moore has for an inland waterway. The present canal connects the Chesapeake and Delaware bays.

Familiar to Smoot.

In the general change of committee rooms in the senate, such as has never been known by the oldest inhabitant, Senator Smoot of Utah finds himself in the room so long occupied by the committee on privileges and elections. He is familiar with this room. Here he spent many an hour when for nearly two years the committee was trying to find reasons why he should be ousted from the senate because he was an apostle of the Mormon church. It must be quite a satisfaction to him to sit in the room now as one of the most powerful men in the senate, for there is no denying that he is a very influential man.

Sandglass Abandoned.

In order that the time apportioned among members of the house during debate might be accurate a sand hourglass has been bought. One tube runs an hour, another fifteen minutes and still another five minutes. But it did not stay on the speaker's table long.

"We had to abandon it during the tariff debate," remarked Mr. Crisp, the clerk at the speaker's table. "We found that it was altogether too accurate." With the latitude allowed for debate there was no chopping off members who overrun the time allotted to them.

CURIOUS SHIFTS IN THE SENATE

Penrose and Warren Head Important Committees.

CHANGES IN OFFICE ROOMS.

De Post of Delaware Gets Excellent Location by "Curious Set of Circumstances"—Congressman Lindbergh of Minnesota Speaks in Favor of a Smaller House.

By ARTHUR W. DUNN.

Washington, May 8.—[Special.]—There have been several very curious shifts in committee assignments and committee rooms in the senate by reason of the retirement of many of the old veterans. Just at present Penrose and Warren occupy the positions of most importance, succeeding Aldrich and Hale. Several other big committees remain unchanged and are presided over by men whose names do not figure prominently in public affairs, but who by reason of long service hold important positions.

But while the positions go to Penrose and Warren it does not mean that they will control the senate. The men who have reached out for that control are Gallinger and Lodge; but, with the insurgents ready for instant eruption, the control of these men of long service is not very secure.

Committee Room Changes.

But the most remarkable changes are those of committee rooms. In the finance room, where Aldrich has held sway for a quarter of a century, is now found Jonathan Bourne, whose "back to the people" views are little short of socialist to most of the regulars. Then there is the old committee of appropriations, where Allison and Hale have managed affairs for thirty years. In that room is found Du Pont of Delaware, who by a "curious set of circumstances" has become chairman of military affairs.

Congressman Gardner found two names for two Democrats in a speech he made on the tariff. He called Underwood the "walking delegate" of the Democratic side and Hobson the "bo'sun's mate." Both are from Alabama. Underwood is the Democratic leader and Hobson is a real naval hero, having had service in the Spanish war.

Caught the Idea.

Congressman Lindbergh of Minnesota has not been in congress many years, but he has seen enough to show him that one great trouble with the popular branch of the government is that its membership is already too large, and on that account it is more easily dominated by a small coterie of leaders.

Lindbergh in a speech opposing increased membership did not decry the use of party machinery, but asserted that the party methods of forcing through legislation often resulted in passing measures which only a minority of the house favored. He decryed the use of the caucus in legislating for the whole people. He said that the larger the number in the house the less each individual member had to say about the proceedings of the body.

Kenyon In Camp.

Senator La Follette officially announced that there were thirteen progressive Republican senators. That evidently meant that Senator Kenyon, who came from an office which he filled by the president's appointment, had gone into the insurgent camp. Up to the time the new Iowa senator entered the senate there was an even dozen pronounced insurgents, with perhaps several near insurgents. It must be that Kenyon makes the baker's dozen.

Owen In Danger?

Now comes a story from a man in Oklahoma that former Governor Haskell of that state can beat Senator Owen next year if he makes the race. Owen is one of the most pronounced progressives of the Democratic party and has incurred the ill will of quite a number of men who are not regarded as progressives.

It was Owen who came near talking a few appropriation bills to death at the close of the last session in the interest of the progressive constitution of Arizona. Owen likes public life, but he has never indicated that he would make much of a scramble for re-election to the senate.

Corn In North Dakota.

"When I was in North Dakota," said Congressman John Dwight, "it was known by everybody that they could not raise corn in that region. I heard that up in Maine they grew the best sweet corn that was ever known. Through Congressman Boutelle I got the address of the man who raised that corn and bought seed. I sent it to North Dakota, and now all through the Red river valley they are growing the finest sweet corn in the world. It is a variety that ripens quickly and accommodates itself to the short season."

Sutherland's Amendment.

Senator Sutherland expects to have his now famous amendment to the resolution for the direct election of senators made a part of the resolution before it is reported from the committee.

In the last congress the amendment was voted on in the senate. "There is a majority for the amendment in the committee," said the Utah senator.

Tuesday is Bargain Day

Do Your Cooking in the Cool

A hot kitchen is little better than a prison in summer. But the range is there, so all the cooking and the washing must be done there, too.

What a relief it would be to move the range where you pleased. You can do this with a New Perfection Oil Cook-stove—cook your dinner out on the porch, if you like. It is the only range that is really portable—that works equally well in any place. There are no connections to be made, as in a gas range; no wiring, as with an electric stove; no sooty flues and ash-filled grates, as with coal or wood.

The long, enameled chimneys carry the heat directly up to saucapans, oven or boiler; you get full value from your fuel, without waste.

New Perfection
Oil Cook-stove

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Hand-somely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.

Dealers everywhere; or write for descriptive circular to the nearest agency of the Standard Oil Company (Incorporated)

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Are You Like This?

Tried All the Time, Not Much Good For Anything, Hardly Able to Drag Around, Just All Run Down.

If you are, we guarantee our Vinol will cure you. It has cured many people around here who were in this condition.

Now Look Here, just try one bottle of Vinol, and if you are not satisfied that it did you good, come back and get your money. It will be returned without question. That is a fair proposition and shows our faith in Vinol, and that we do not want your money unless you receive benefit.

We know what we are talking about because we have sold Vinol for years, and have seen how much good it has done among our customers.

Vinol is not a patent, secret nostrum, but an honest, tried and true body builder and strength creator of world-wide fame, delicious and easy to take. Come in today and start your cure at once. You take no risk. Farriss-Klutz Drug Co., Greensboro, N. C.

FARMERS

Call on Taft and Pro-
test Against Cana-
dian Reciprocity Bill.

Special to Telegram.

Washington, May 8.—President Taft today met a delegation of farmers who came to Washington to protest against the Canadian reciprocity. The president told them that the "effect on my personal and political fortunes does not influence me in the slightest. I believe that reciprocity with Canada is best for the whole country."

The House Democrats from New York declared in favor of free wool by a vote of 18 to 4.

Gallinger, of New Hampshire, was tonight chosen president, protom of the Senate.

**Reception Committee
for Memorial Day**

The following have been appointed as a reception committee to meet Col. Robert E. Lee at the train and escort him to the hotel when he arrives from Virginia to be the orator of the occasion at the Memorial Day exercises to be held Wednesday under the auspices of the local chapter of the Daughters of the Confederacy:

Maj. W. W. Wood, chairman; A. M. Seales, Col. W. H. Osborn, E. A. Brown, Capt. J. Y. Whitted, W. C. Boren, E. P. Wharton, C. W. Curry, W. O. Edwards, M. W. Sterne, A. W. McAlister, E. P. Hobgood, R. G. Glenn, Rev. Melton Clark, J. G. Foushee, T. J. Murphy, J. A. Odell, C. H. Ireland, J. Van. Lindley, Paul Lindley, E. E. Bain, G. H. McKinney, Col. Jas. T. Morehead, George B. Crater, J. T. Fain, C. J. Lamb, H. J. Elam, Rev. H. M. Blair, T. A. Hunter, Judge J. E. Boyd, D. B. Nolan, J. Willie Smith, E. J. Justice, Judge R. C. Strudwick, L. J. Brandt, E. D. Broadhurst, J. M. Bailey, M. W. Thompson, W. H. Rankin, J. W. Forbis, Dr. Edmund Harrison, Sr., Dr. Edmund Harrison, Jr., J. Rankin Thomas, Col. J. A. Barringer, H. D. Blake, Maj. Charles M. Stedman, Dr. W. J. Richardson, Jos. M. Reece, J. W. Weatherly, Julian Price, Ed. J. Mendenhall, Wm. D. Mendenhall, J. L. King, J. B. Minor, R. M. Phillips, H. G. Braxton, C. M. Waynick, Andrew Joyner, David White, J. M. Millikan, Judge N. L. Eure, J. W. Scott, R. T. Wills, Paul W. Schenck, G. W. Hill, A. A. Crutchfield, W. C. Bain, T. A. Glascock, T. R. Foust, Dr. J. I. Foust, W. D. McAdoo, Robert Morrison, J. J. Stone.

Those of the committee and others having automobiles or other conveyances are requested to have them at the passenger station, on Colonel Lee's arrival, in order to make an imposing escort for the distinguished guest from the station to the hotel.

Major Wood says he finds it impossible to see those on the committee or name all others who should be on it. He asks that those who will have automobiles at the station advise him of the fact. His phone is No. 399.

**Postoffice Clerks
Working Hard
Counting Mail Matter**

Postoffice clerks all over the United States are having to count all mails handled by them during the month of May. This, of course, causes them to do an extra amount of work. In an office the size of Greensboro thousands of pieces of mail have to be handled each day and the work of counting the pieces in each class and the time put in by the clerks in handling it requires work equal to that of one man.

Postmaster Douglas stated yesterday that he did not know the reasons for this special count.

The postal clerks have to count all pieces of first class mail and state the number of pieces and the time consumed in handling this class. The second class, third class, fourth class, congressional franked, other franked, foreign and registered are all treated to the same process. The second class is probably the more difficult, being divided among newspapers at pound rate, magazines at pound rate, transient with stamps attached, local delivery, free in county. The above classes are divided among outgoing mail, incoming mail, mail collected and mail delivered, and a separate report is required for each of these four divisions.

The man behind the bass drum is not the only cheap that beats his way through life.

And occasionally a man who has no mind for figures occupies a front seat at a burlesque show.

DAILY MARKET REPORTS

THE WEATHER.

North Carolina, South Carolina, Florida, Georgia, Alabama and Mississippi, fair.

Oklahoma, fair; warmer in South-east.

East and West Texas, fair; warmer.

Map shows generally fair in belt except cloudy in North Carolina and East Tennessee. No rain except a light sprinkle at Corpus Christi, in South Texas. Temperatures about normal in Texas but continue cool in Central and Eastern States; 46 at Jackson, Miss., 48 at Meridian, around 50 in Alabama and Georgia.

Weather map indicates stationary conditions during the next 24 hours. Unsettled weather which has been over Western part of country for the last four days, still in that location and has not moved at all, so far.

THE GEORGIA CROP.

New York, May 8.—Georgia's cotton crop for 1910-11, according to reports, will be from 10 to 15 per cent greater than last year. This year's crop also is expected to be two or three weeks earlier, because of the earlier start the farmers were able to get with their planting.

CONDITION OF CROPS AND TRADE.
New York, May 8.—Today's Journal of Commerce says:

"Fundamentally the trade is not in poor shape in so far as prospects go. The crop outlook is not unfavorable. Merchandise is low, stocks of goods in distributors' hands are not large and stocks in first hands are very small as compared with a year ago or with any period of normal trade in six years past. A great deal has been done toward liquidating debts and checking extra vigilance in selling; the export trade is ahead of a year ago and there is no inducement offered to bring in merchandise from abroad."

COTTON LETTER TO J. E. LATHAM.

New Orleans, La., May 8.—The expected bad weather on Sunday in the Western belt did not materialize. The unsettled weather shown in the Western part of the country for the last four days remained in position and has not moved. There was, therefore, no rain of any consequence in the belt and the only defect is the continued low maximum temperature in the Atlantic States, running as low as 48 in Mississippi and 50 in Alabama.

Political developments were favorable and satisfaction is expressed in Wash-

ington at the turn in the Mexican situation.

First trades here were at a decline of 10 to 12 points on old and 13 to 15 on new crops, but there appeared a good demand by the trade for new crops at the decline and old crops seemed to be supported in New York. Prices, therefore, soon rallied on the whole list. The fact of the matter is simply that there is not enough cotton left in this country to satisfy the prospective demand for the remainder of the season. Continental mills and our mills have deferred buying so long that it now is a question of filling absolute needs.

The temperatures average for the belt over Sunday was 48 vs 57 last year. The New York dry goods review says that business was somewhat broader with advances in certain lines but on the whole the trade is not buying freely.

New York advised in regard to the market that shorts in old crops were restless and covering in July caused nervous advance.

THREE BRANCHES OF METHODIST CHURCH MAY BE COMBINED

Big Meeting of Leaders of Methodist Episcopal, South, Methodist Episcopal and Methodist Protestant Being Held in Chattanooga.

Chattanooga, Tenn., May 8.—For the purpose of considering plans for the federation of the three great branches of Methodism, the Methodist Protestant Church, the Methodist Episcopal Church and the Methodist Episcopal Church, South, a sub-committee of a joint commission, representing the three denominations met here at 2 o'clock this afternoon. The joint commission of 27 members, each church being represented by nine commissioners, and its first session will be held Wednesday to receive and act on the report of the sub-committee.

The federation movement was begun at the general conference of the Methodist Episcopal Church, South, at Memphis, Tenn., in 1894, when the commission representing that denomination was created and later similar commissions were appointed by the two other churches and the three held a meeting at Baltimore in December, 1910. At that time a sub-committee of three from each commission was appointed to inquire into the cause of the alienation of the three branches of Methodism and to formulate and present a plan for unification. This committee met at Cincinnati early in the present year and agreed upon a tentative plan of federation, which will be submitted to the joint commission at its meeting here this week. The meetings of the sub-committee and of the commissions are behind closed doors.

Among the prominent men taking part in the conference are: Methodist Church, South—Bishop A. W. Wilson, Baltimore, and E. E. Hoss, Nashville; Collins Denny, Nashville; Dr. W. J. Young, Danville, Va.; F. M. Thomas, Louisville; C. M. Bishop, Wichita Falls, Texas; Judge L. M. Walton, Woodstock, Va.; R. S. Hyer, Dallas, Texas; Judge L. M. Walton, Woodstock, Va.; R. S.

Hyer, Dallas, Texas; Judge L. M. Walton, Woodstock, Va.; R. S. Hyer, Dallas, Texas; and W. B. Stubbs, Savannah, Ga.

Methodist Episcopal Church—Bishop Earl Cranston, Washington, D. C.; J. A. Patten, Chattanooga; R. W. Miller, and J. M. Walden, Cincinnati, and L. B. Wilson, Philadelphia.

Methodist Protestant—Dr. T. H. Lewis, Westminster, Md.; M. L. Jennings, Pittsburgh, Pa.; R. W. Harris, Henderson, N. C., and J. J. Barge, Atlanta.

COTTON ACREAGE INCREASED IN STATE

Special to Telegram.

Raleigh, May 8.—The State Department of Agriculture estimates that the cotton acreage in North Carolina this season is 1,522,800, an increase of around 8 per cent. over the acreage last year. The crop conditions at this time are decidedly backward. The planting is still in progress and it looks like there will have to be considerable replanting on account of the cold and unseasonable weather retarding and in some instances preventing germination.

The backward season delayed the planting to begin with and the continued cold and rain during the whole planting period has proved a decided handicap. If the crop is relieved of the retarding effect of the cold nights and other unfavorable conditions soon there is still opportunity for development that will give the State at least a normal crop.

DOUBLE EGG STORY

FROM FREDERICKSBURG
Fredericksburg, Md., May 8.—Mrs. R. L. Boone, of this city, in breaking eggs for dessert, came across a very unusual break in the egg line.

When she broke open an egg of somewhat unusual size, she discovered besides a perfect egg of the usual size a small, full-formed egg within the shell of the larger one, which was also encased in a shell.

OLD CONFEDERATES WILL BE ROYALLY ENTERTAINED HERE

The Confederate veterans throughout the county are looking forward to tomorrow with a great deal of interest. This annual reunion in itself is always most enjoyable, the vets spending hours recollecting the thrilling scenes through which they passed during the bloody struggle of the sixties.

This year the interest is greater because of the fact that the speaker will be Col. Robert E. Lee, grandson of that peerless leader who was most dear to the hearts of the entire Confederate army. Then the preparations of the Daughters of the Confederacy for the comfort and enjoyment of the veterans from a social standpoint are more elaborate than formerly. In addition to a big dinner and smoker in the Smith Memorial building the veterans will be entertained immediately after the dinner at the Ottoway theatre. Manager McCall having extended a most cordial invitation to the old heroes of '61-'65.

Col. Robert Lee, the principal speaker, wired Mrs. H. D. Blake last night, stating that he would arrive in the city tonight at 12:06 o'clock on No. 29. The Telegram is requested to notify all members of the reception committee to be at the station and escort Col. Lee from the station to the Guilford hotel where he will stop during his stay in the city.

Mrs. Stonewall Jackson, of Charlotte, was invited to attend the Memorial Day exercises, but she was compelled to decline on account of a previous engagement.

The Telegram is asked to remind those who have Memorial Day donations to send them to the Smith Memorial building early Wednesday morning.

CHIEF BESIEGED BY NEGROES.

Chief of Police Iseley is already being besieged by negroes who were refused permits to drive carriages by former Chief Neelley, but he is standing firm and refusing to allow these negroes to get in the harness. Some of the carriage owners have even gone to the commissioners and tried to induce them to force Chief Iseley to pass the negroes they desire to pull the reins over their horses. Commissioner Brown, under whose supervision the police department is, yesterday afternoon told Chief Iseley to use his judgment and refuse to pass any negro driver whom he thought should not be on the line and he would stand right behind him in the matter.

Beat Ride on Train.

Babe Atwater and Will Cathy, colored, were given a hearing before Justice Collins yesterday on the charge of beating a ride on a train. After hearing the evidence judgment was suspended on payment of costs.

BUILDING PERMITS.

A permit was issued yesterday to Mrs. Carrie G. Yates for the erection of a seven room residence on Oak Court, the estimated cost being \$1,800. A permit was also issued to the City of Greensboro for remodeling the offices of the commissioners at the city hall.

REMINDER OF REV. A. G. KIRKMAN.

While exploring one of the drawers in the safe in his office yesterday Superior Court Clerk Forbis ran across an envelope containing two half dollars and a quarter. The inscription on the outside of the envelope showed that this was the first money ever received by Rev. A. G. Kirkman as register of deeds. The money was put inside the envelope and placed in the drawer in December, 1890.

REVIVAL CONTINUES AT MORAVIAN CHURCH.

The revival services in progress at the Moravian church are being continued this week with services each evening at 8 o'clock. At this evening's service the pastor will preach from the subject "The Marks of Sin." A cordial invitation is extended the public.

Meeting of Pythians.

At last night's meeting of Greensboro Lodge, No. 80, K. of P., the rank of knight was conferred. A social session followed and several rousing speeches were made.

Annual Sermon to Negroes.

Rev. E. K. McLarty has accepted the invitation to deliver the annual sermon before the students of the A. & M. College on May 21 at 3 o'clock. Rev. Mr. McLarty has also accepted the invitation to preach the annual sermon at the Davenport College commencement on May 23.

MASTER'S DEGREE CONFERRED.

At last night's meeting of Corinthian Lodge, A. F. & A. M. the degree of Master Mason was conferred on Henry Wooton. District Deputy W. C. Wicker, of Elon College, conferred the degree.

Happiness consists largely of the ability to forget.

Women and Society

Y. W. C. A. Directors Meet.

There will be an important called meeting of the Y. W. C. A. board of directors today at 10:30.

Called Meeting of Civic Department.

An important called meeting of the civic department of the Woman's Club will be held this afternoon at 3:30 o'clock at the usual place of meeting—the Carnegie Library. Every member is urged to be present.

Philathea Class of Reformed Church.

The Philathea Class of the First Reformed church will meet tonight at 8 o'clock at the home of Misses Fleta and Gertrude Cox at the corner of Bragg and Bilbro streets. There will be a business session, followed by a general good time. It is hoped that each member will make an effort to be present. Come. Maud Trent, President.

Meeting of Woman's Club.

On account of the absence of so many members from the city last Saturday, it was decided to postpone the general meeting of the Woman's Club until next Saturday afternoon, May 13, at 3:30 o'clock. At this meeting reports will be read from delegates to the annual meeting of the State Federation, and a full attendance is desired.

Mrs. W. C. Wishert and children, of Albany, N. Y., are visiting Mrs. J. W. Brady, at the Brady Hotel.

Mrs. D. C. Leonard, of High Point, is visiting her mother, Mrs. P. F. Jeffreys, Mendenhall street.

The condition of Mrs. Lacy Hines, who has been quite ill at the home of her parents, Mr. and Mrs. W. A. Fries, was reported as some better yesterday.

Mrs. R. N. Hadley is visiting relatives in Lexington.

Mrs. Clara E. White, of Jacksonville, Fla., is in the city on a visit to her niece, Mrs. R. C. Strudwick.

Mrs. Chalmers Glenn, who has been visiting relatives in Winston-Salem, has returned home.

Mrs. Thomas Tise, of Winston-Salem spent Sunday with her mother, Mrs. Nannie Sholer.

Misses Pattie Taylor, of Clarksville, Va., and Katie Vaughn, of Franklin, Va., spent Sunday in the city, the guests of Mrs. J. D. Case.

PERSONAL MENTION

W. P. Turner, of Winston-Salem, spent Sunday in the city.

W. L. Callum, Jr., who has been spending several days with relatives, left yesterday for South Carolina, which state he will travel for a St. Louis company.

E. S. Parker, Jr., was here from Graham yesterday on business.

B. S. Royster, of Raleigh, spent last night in the city.

E. G. Sherrill, who came here Saturday to settle with the committee of the Board of Aldermen and turn his books over to Tax Collector Murphy, returned to Washington Sunday night to resume his duties in the journal department of the House of Representatives.

G. S. Bradshaw is in Washington on a business trip.

A. W. McAlister is in Tate Springs for a brief stay.

Judge Boyd will leave this morning for Richmond to attend the Circuit Court of Appeals.

Rev. W. R. Ware returned yesterday from Elon College where he preached Sunday night before the student body. He will leave today for Rutherford College to attend commencement, of which institution he is a member of the board of trustees.

J. C. Stanley and B. E. Apple, of Reidsville, spent Sunday in the city with relatives.

PIGEON STOPS FLIGHT

TO LAY ITS EGG

Waukesha, Wis., May 8.—A carrier pigeon wearing an aluminum band stamped "U. S. 75,058," last night flew into the room of Daniel W. Kaufman, of Chicago, at a hotel here. Kaufman found the bird perched on a dresser, where it had laid an egg.

After feeding the pigeon and caring for it over night, Kaufman released the bird.

Flying in a circle several times, the bird started in a southerly direction.

The visiting missionary at an almshouse stopped for a moment to speak to a very old lady and inquired after her health and welfare.

"Thank you, sir," replied the old lady. "Yes, indeed, I've a great deal to be thankful for. I've two teeth left and they're opposite each other."

AUXILIARY PLANT OF SOUTHERN POWER CO. NEARING COMPLETION

Work on the auxiliary plant of the Southern Power Company is going forward satisfactorily and it is hoped to have the building completed and the machinery in action by the latter part of July or the first of August. The building when completed and equipped will have cost in the neighborhood of a quarter of a million dollars and will be one of the most complete buildings of its kind to be found anywhere in the south. The plant will not be put in use except in case of a breakdown of the Southern Power Company's plant on the Catawba or its feed wires running from the generating plant there. However, despite the fact that it may not be used once a year, the plant will be kept ready with steam in the boilers and in case of an accident can be making the "juice" in less than two hours. It will supply current for Greensboro and points east of here, High Point, Winston and other nearby towns that use power of the company.

Z. V. Taylor, J. B. Duke and other officials of the Southern Power Company were here Saturday for the purpose of inspecting the plant. Mr. Taylor stated that the work was going forward in a highly satisfactory manner and when the plant was equipped no one using the Southern Power Co. current would be inconvenienced but a short time by a break down of the power plant. Mr. Taylor stated that the work on the transmission lines between here and Durham was going forward rapidly and the wires would be placed in the substation in Durham within the next few months. Other places between here and Durham will in all probability use power manufactured by this company. Contracts have been made for the current to be used by the White Oak and Proximity Manufacturing Company and this current will probably be turned on as soon as the auxiliary station is completed.

Mr. Taylor was also asked regarding the progress on the interurban lines south of Charlotte and he stated that ten steam shovels were making the dirt fly. The contracts for the equipment on this line have been let and once the grading is done the track will be laid rapidly. Every inch of the track will be put down in first class shape and heavy freight trains can travel over the track with safety. The rails are the heaviest used in the south and the cross ties are of extra size and weight. Mr. Taylor was asked regarding the interurban between here and Charlotte and he said it was surely coming, but when he could not say. He was asked if the company wanted to dispose of the tract of land purchased for a terminal some time ago, the King property on Green street being referred to, and he laughingly replied, "not on your life."

Mr. Taylor mentioned the activity now prevailing in the city and said that Greensboro was coming out of the kinks rapidly. As he does not live in the city Mr. Taylor is able to see the changed conditions as compared to what they were a year or more ago more clearly than residents can and he expressed the belief that the next year would see an even more wonderful change.

W. E. Lawson, city editor of the Morning Star, and Mrs. Lawson returned yesterday from Winston-Salem, N. C., where they have been spending three weeks at Mr. Lawson's former home—Wilmington Star.

It's a waste of time to argue with a deaf man—or any woman.

NEWS NOTES FROM THE UNIVERSITY

Chapel Hill, May 8.—Carolina scored a big victory in baseball Friday afternoon when with Moran in the box for the visitors, the varsity defeated Washington and Lee University 9 to 1. Morgan, since he has been a member of the Washington and Lee team, has pitched 29 consecutive victories. He was defeated for the first time in his life on a college diamond Friday. The varsity won the game by their heavy slugging, but it was an example of brilliant fielders' work that kept the Virginians from scoring after the first inning.

Things are moving on fast toward commencement now. The Golden Fleece the honor organization which chooses seven members from each rising senior class, men whom they consider preeminent in certain phases of college life, has initiated, A. D. Folger, L. N. Morgan, C. E. Teague, R. W. Winston, Jr., J. A. Lockart, R. A. Freeman, and R. M. Hanes.

The Colonial Dames prizes awarded annually by the North Carolina Society of Colonial Dames, have been awarded to W. B. Guess, first prize \$100 and A. C. Ward, second prize \$50. The Ben Smith Preston Cup in journalism given annually by Hon. E. R. Preston, of Charlotte in memory of his brother, Ben Smith Preston, an old student of the university who died a few years ago while reporting on the Atlanta Georgian, has been awarded to L. N. Morgan, of the Senior Class. The baseball season ended Saturday. Senior examinations begin May 10. Everything is getting in order for the final stretch of the college year, for about 100 seniors and twenty graduate students, the last year of their college career.

The baseball season just closed was in many ways the most successful in over five years. For the first time since the beginning of the custom of playing a series of three games annually with the University of Virginia, Carolina won two out of three from her time-honored enemy. The defeat of Washington and Lee in the game which broke Morgan's famous record of being the only undefeated college pitcher in the South, was a much desired and in most cases a little unexpected deed. Victories from Guilford, who won from A. & M. and South Carolina, who also defeated A. & M. as well as Georgetown and Lafayette, make the season in all highly successful. As a matter of fact no

team in the South has a clearer claim to the South Atlantic championship, but this fact is largely due to these Carolina victories just mentioned.

Communications

To the Editor:

Gratitude for public services rendered is not shown as often as it should be. Upon the coming in of the new form of city government, and the going out of the old officers expression of appreciation ought to be made of the services rendered by Capt. J. W. Fry in bringing beauty out of chaos at the cemetery. There are few prettier cemeteries anywhere than ours and this is largely the result of seven years of unremunerated service of Captain Fry. He has given much time and thought to it.

The Board of Commissioners will probably find that it will be necessary to employ some one to look after the cemetery and the planting of trees along the streets and the keeping up of the parks and other public places and in that event they could not do better than to engage the services of Captain Fry.

There are few men who have the capacity and taste for this kind of work that he possesses, and there is perhaps no other man in Greensboro who is capable of doing so much to beautify the city. Seven years service without compensation is enough for one man to contribute, and as a citizen and taxpayer of Greensboro I shall be very glad to see the commissioners employ him to look after the matters referred to above and compensate him fairly for it. In my judgment it would be a good investment.

I write this merely to call the attention of the commissioners and the people to this matter in order that they may consider the wisdom of adopting the suggestion.

E. J. JUSTICE.

May 8th, 1911.

"Well, Jimmy," said his employer, "I don't see how you are going to get out to any ball games this season; your grandmother died four times last summer."

"Oh, yes, I can, sir," answered Jimmy. "Grandpa has married again, although it was very much against the wishes of the family."

GET ONE TOMORROW

The famous Elastic Book Case which is always complete but never finished, as you add books to your library you add units to your case.

See our new designs in FURNITURE, which is coming in every day.

We save people money every day, why not you?

C. O. FORBIS, 120-122-124 East Market St., Below P. O.

This Is The Last Week!

MONDAY, MAY 15th IS THE LAST DAY!

That you can get the new Telegram for the old subscription price of \$3.00 per year. Positively no further extension will be given, nor will any subscription be accepted other than at the \$5.00 per year rate after May 15th. If you send your subscription by mail or letter it must reach The Telegram on or before May 15th, or bear post-mark before twelve o'clock midnight May 15th.

This means that those subscribers, old and new, who have not availed themselves of the opportunity to get The Telegram for the coming year at the old price of \$3.00 have another chance. You can, by sending \$3.00 at any time before May 15th, have The Telegram delivered or mailed to your address until May 1st, 1912. If you are an old subscriber you will have to first pay your subscription to May 1st, 1911, before you can take advantage of this offer. If you want to subscribe for The Telegram, just send \$3.00.

The Subscription Price Now \$5 Per Year

The subscription rates of The Telegram are advanced to \$5.00 a year, 10 cents a week, effective May 1st. No extension has been made of the date of the advance, the extension only applies to those people who wish to avail themselves of the opportunity to get the benefit of the old rate for another year by paying in advance.

The Improvements Made

The Telegram has been improved. If you have not had a copy and would like to look over one, phone the Office, No. 59 and the Carrier Boy in your section will deliver you a sample free of charge, or if you are out of town a copy will be mailed you. If you haven't kept up with The Telegram's improvements, get a sample. It will not cost you anything, and you will appreciate the offer that is being made you and take advantage of the opportunity to get this "GREENSBORO'S GROWING DAILY" for twelve months for \$3.00.

HELP THE CARRIERS

The boys who deliver The Telegram are interested in this offer, because every new subscriber means more money to them. The Management of the paper has offered the Boys a handsome commission for all the orders that they bring in before May 15th. If you don't take The Telegram, you will probably have a visit from one of these boys. Give him your order and pay him the \$3.00, just be careful to notice that he has in his possession a letter of authority from the management authorizing him to solicit and collect money and that he carries an official receipt. **DON'T MISS THIS OPPORTUNITY!**

FIREMEN OF NORTH CAROLINA WILL HOLD MEET IN CHARLOTTE

Charlotte, May 8.—One week from tomorrow the twenty-fourth annual convention and tournament of the North Carolina Firemen's Association will get under way in this city. Then will there be sights worth seeing and music worth lending one's ears to with interest. Also will there be thousands of visitors from out-of-town points both for to see and for to hear. May 16, 17, 18 and 19—Tuesday, Wednesday, Thursday and Friday, are the days.

The convention will be called to order Tuesday morning at 11 o'clock at the court house by President James D. McNeill of Fayetteville. Prayer by Rev. Harris Mallinckrodt, an address of welcome by T. C. Guthrie and a response by President McNeill will conclude that part of the program. At 2:30 a business session will occur, terminating at 5:30, with a dutch lunch which will be given by the citizens in the auditorium. In the meantime a considerable proportion will doubtless have made a break for the league ball grounds at 4:30. There will be another business session that night.

The real fun will begin Wednesday morning, 17th, at 9:30 o'clock when the big firemen's parade gets into swing. Adding springtiness to the occasion will be the presence of some nine bands which have entered for the band contest to be held that night and which will march in the parade and discourse sweet music. Forming on Phifer avenue, heading into Tryon street and led by the Charlotte Drum Corps in resplendent uniforms, the procession will wind up and down the principle business streets, being 10 or 12 blocks long.

At 11 o'clock Wednesday an engine contest will be held in front of the United States Mint. At 2:30 o'clock will occur the hand reel races for North Carolina, followed by the grab-reel races for North Carolina. At 5 o'clock the hook and ladder contest for North Carolina will be run.

Thursday morning at 9:30 the horse hose wagon contest for this State will start things going; at 2:30 p. m., the interstate hand reel contests; at 8:30 p. m., and exhibition drill by the Charlotte Drum and Bugle Corps in front of the grandstand on South Church street; at 9 o'clock the big Red Men's torchlight parade exhibition of Indian war dances; at 8:30 amusements at Lakewood park and Electric park will be available.

Friday morning at 9:30 o'clock the interstate horse hook and ladder race will begin the day. At 10:30 will be begun the interstate horse hose wagon contest, which will continue until finished. This will be the last formal contest on the program. Each afternoon there will be baseball at 4:30. Many out-of-town visitors can see races in the morning and early afternoon, view the ball game later and leave for their homes about dusk.

Six prizes are offered in the steam contest, \$50, \$30 and \$20 for quick steam and similar prizes for long distance; five prizes, \$75, \$50, \$25, \$15 and \$10 in the hand reel contest; three, \$50, \$30 and \$20 in the horse hose wagon contest; two prizes, \$100 and \$50, in the hook and ladder contest.

In the interstate events three prizes, \$100, \$75 and \$50, are offered in the horse hose wagon race; the same for the hand reel contest; three \$50, \$40 and \$25 for the grab reel contest; two, \$100 and \$50, for the horse hook and ladder. The best uniformed fire company in the parade will receive \$15; the second-best \$10.

The races will be run on South Church street, the grade of which is one-half of one per cent down. The hydrant is on the left-hand side of the course, the opening - 8 inches from the ground. The water pressure is 105 pounds. The plug opening is 2 1/2 inches, with 8 threads to the inch. As soon as a team has contested it will return to headquarters by another street, thus preventing the delay which would ensue from a return by the same route. No colored drivers are allowed to participate.

Tommy—Pop, what is a theorist? Tommy's Pop—A theorist, my son, is a man who thinks he is learning to swim by sitting on the bank and watching a frog.—Philadelphia Record.

I have sold out my old stand and am now on the corner of Washington and Davis streets with a good line of new and second hand Cycles and Guns, Locks, Trunks, Keys and other repairs at right prices also.

F. A. Dorsett Bro & Co

SALISBURY ALDERMAN WAS OPERATING "TIGER" ON WHEELS

Moorestville, May 8.—John F. Ludwig of Salisbury, who was elected alderman from the Southward in his town, was arrested near here Saturday afternoon about 5:30 o'clock on a charge of retailing. He was riding in a four-passenger 1911 Cadillac automobile, and under the seat, in the side pockets of the machine and in a sack were found seventy-three pint bottles of whiskey. His machine carried no number and a warrant was also issued for him on that charge.

Following his arrest, he was placed under a \$200 bond on the retailing charge and \$100 bond for the charge of operating an automobile without a number, for his appearance for that before Squire C. V. Voils Tuesday morning. He put up cash bonds and was released from custody. The whiskey and automobile, however, are held by the authorities here until after the trial.

John F. Ludwig is a son of the late Benjamin Ludwig of Salisbury and is a well-known business man and successful farmer. It is understood here that he is well fixed financially.

The officers here were put on the lookout for Ludwig by a message received from Salisbury Friday, stating that he would be here Saturday with one hundred pints of whiskey. He was seen to pass through town and Chief of Police Brown, Deputy McKnight and Officer Broom mounted their vehicles and went in pursuit. The officers caught up with the automobile about a half-mile from town, at the McPherson mill, and there made the arrest of the man, booze and machine.

It Started the World.

When the astounding claims were first made for Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for Burns, Boils, Scalds, Sores, Cuts, Bruises, Sprains, Swellings, Eczema, Chapped hands, Fever Sores and Piles. Only 25c at Fariss-Klutznick Drug Co.

Builder (at servants' agency) have you got a cook who will go to the country?

Manager (calling out to girls in next room)—Is there any one here who would like to spend a day in the country?—Life.

Do Ghosts Haunt Swamps?

No, Never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at Fariss-Klutznick Drug Co.

The minute our parents stop spanking us the world begins.

Foley's Kidney Remedy Acted Quickly. M. N. George, Irondale, Ala., was bothered with kidney trouble for many years. "I was persuaded to try Foley Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better I do not hesitate to recommend Foley Kidney Remedy." For Sale by Howard Gardner.

Frightful—They say she looked daggers at him? "Worse than that. She looked long hatpins."—Detroit Free Press.

Talk to Mothers.

There is need in the home for cuts, bruises, sores and sprains, children and others are heirs to a real good antiseptic liniment, one which will not burn and hurt worse than the wound itself, and which will give the greatest relief and prevent scars. Vick's Liniment is prepared for this purpose. Take this suggestion from a trained druggist who knows.

"Plague take that woman!" "My friend, she is the most beautiful girl in this town." "That may be. But she obstructs my view of second base."—Pittsburg Post.

A Spring Suggestion by a Trained Druggist.

Appendicitis and many other ills come from Constipation and over-loading with food which the system cannot care for. The bowels must be cleared and antiseptized to give their normal functions and this should not be done by strong Cathartics, as every physician will tell you. Vick's Little Liver Pills have been the bowels and mild stimulation to the lazy liver and thus cure trouble in adults and children.

RHYME AND REASON

(By FRANK L. STANTON.)
Ring the Bells.

Leave the lonesome valley—ring the Bells of Hope
When you see the Mornin' comin' up the slope.

Shadows couldn't stay;
Winter found the May;
Storm was in the darkness,
But it dreamed itself away.
Where you see the glimmer of a drop o' dew
That is where the Mornin' makes a rose for you.

Sweetest words to say,
Where Winter finds the May;
Sweetest time for givin'
The heart a holiday.

Many picnics are advertised, but bear in mind the chorus of the song: "When you're going to the picnic, take your overcoat along!"

When the River Talks.
When the Weather's blazin',
When I have my wish;
Trouble never ravin'
When the river's sayin' "Fish!"

Of course a girl is never really angry if a young man tries to kiss her, but if she thinks the occasion demands it she can put up a gigantic bluff.

Care is said to have killed a cat, but there is a lot of care and a lot of cats that fail to get together.

"CASCARETS" END ALL THE MISERABLE DAYS

A Ten Cent Box Insures You Against a Sick Headache, Billiousness, Constipation or a Bad Stomach for a Long Time.

Primitive men did not need Cascarets. They lived outdoors, ate plenty of fruit, and all of their food was coarse. We modern people are different. We exercise too little, eat little fruit, and our food is too fine, too rich.

We can't have the bowels clogged up and keep well. It means that the food retained there decays. The decay creates poisons. And those poisons are sucked into the blood through the very ducts intended to suck in the nutriment. So we must make our choice. We must live, to an extent, like the primitive man, else we must eat Cascarets.

Cascarets do what the right food would do, what plenty of exercise does. The effect is as natural from one as the other. The question is one of convenience. If you choose Cascarets, take them as you take food, not in large doses rarely, but a tablet at a time. That is the way to keep well. Get a 10 cent box now.

Dr. John A. Williams of Greensboro, operated on Mr. Roy Keller of Kings Mountain at St. Peter's hospital. The patient rallied splendidly and is resting well.—Raleigh News and Observer.

Country Club and New Car Line at Durham.

Durham, May 8.—The assurance of a projection of the car line three miles, which takes in the Watts hospital on its route and terminates at a proposed country club, was made Saturday afternoon in the closing of a land deal whereby the Hester property beyond West Durham becomes the property of a corporation.

The country club itself will stand on five acres of good land and it will be a large frame structure of sufficient size to have private dining rooms, rooms large enough for an almost unlimited number of card tables and a dancing hall. It is designed especially to aid the society ladies of the city in entertaining a large number of their friends. Wives of club members hold those privileges and there will be no charge for the use of the club.

Telegrapher—The message must not exceed 10 words.
Fair Sender—I can add a postscript, can't I?—Boston Transcript.

Impure blood runs you down—& makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

Regulates the bowels, promotes easy natural movements, cures constipation—Doan's Regulents. Ask your druggist for them. 25c a box.

Baby won't suffer five minutes with croup if you apply Dr. Thomas' Eclectic Oil at once. It acts like magic.

Greensboro Commercial School

Do you want to earn more and have more? Do you want to secure a good position and be more? You will admit that a school that educates and places its students in good positions is the best school. That is what our school is doing and can do for you if you will take advantage of the courses in bookkeeping and shorthand that we offer you.

Ellen M. H. H.

PRINCIPAL.
GREENSBORO, N. C.

Metropolitan Life Insurance Co.

OF NEW YORK

JOHN R. HEGEMAN, President

INSURANCE SUPERINTENDENT'S REPORT

The New York Insurance Department has had the Company under examination, pursuant to law, for about fifteen months. After this examination the Superintendent of Insurance said:

THOROUGHNESS.—"It is thought that no Company of this character under the supervision of any Insurance Department in the United States has ever been so thoroughly examined by such a Department."

PAYMENT OF CLAIMS.—"The claims received averaged from 600 to 800 each working day; the percentage of rejections is small, being in 1909 less than one-half of one per cent."

CAREFUL INVESTMENTS.—"On an investment of \$100,000,000 in real estate mortgages this Company now holds through foreclosure but one piece of realty."

INDUSTRIAL POLICIES AT COST.—"On this basis this Company, from all of its departments, added to its surplus in 1909, after setting aside in that year as a liability its dividends and bonuses for 1910, about \$800,000; in other words, the volume of its business being considered, seems to have furnished insurance substantially at cost."

PROGRESSIVE MANAGEMENT.—"The Department Report shows during the last five years:
Reduction in the ratio of expense to premium income... 7.13%
Reduction in the ratio of lapse to issue... 10.36%
Reduction of cancellations in first year of insurance... 8.92%

ORDINARY DEPARTMENT

In 1910 the Company wrote a larger amount of Ordinary business in the United States and Canada than any other company, by TWENTY MILLIONS!

In 1910 the Company placed Ordinary Insurance up to the Limit of the Law and was obliged to hold back hundreds of thousands of dollars of insurance by reason of the New York statute limiting amount in any one year.

MORAL: Get in early this year and avoid the rush at the end. Best plans; cheapest rates; all policies non-participating—that is, the money is not collected on promise of repayment in dividends, but is left in the pockets of the insured by reduction of premium.

INDUSTRIAL DEPARTMENT

OLD POLICIES.—A bonus has been declared to Industrial policy-holders amounting to nearly SIX MILLIONS OF DOLLARS

payable in 1911 on Whole Life and Increasing Life and Endowment policies issued prior to 1907, which bonuses give reduction of premiums varying, according to period of persistence, from

EIGHT TO ONE HUNDRED PER CENT.
The Company added not one dollar to surplus at the end of 1910 out of income from Industrial policies.

NEW POLICIES.—The benefits on policies issued since January 1, 1907, are over

TWENTY PER CENT. GREATER
than the benefits promised by policies issued previously.

In the last eighteen years it has declared
TWENTY-FIVE MILLIONS OF DOLLARS
in voluntary bonuses over and above all requirements of policies.

WELFARE WORK FOR POLICY-HOLDERS

Extracts from the Report of the Superintendent of Insurance of the State of New York.

"No summary of this examination of the Metropolitan Life Insurance Company would be complete which omitted reference to certain agencies for social service which it has inaugurated and is now conducting."

"CAMPAIGN AGAINST TUBERCULOSIS.—Among the activities of this Company begun since the Armstrong investigation is its participation in the nation-wide crusade against tuberculosis. As to policy-holders, its work has thus far been confined to the dissemination of the literature of prevention and instruction; a work which its great Agency force and close contact with the industrial classes makes easy, as well as effective. As a matter of mere business economics, the Company's activities in this direction entitle it to the approval of the Department."

"NURSING SYSTEM.—About two years ago this Company inaugurated a system whereby trained nurses would, upon request, be sent to the homes of sick or bedridden policy-holders in its Industrial Department. . . . While this service has been but recently established, and while, therefore, the examiners are in some doubt as to its ultimate effectiveness either from the standpoint of saving the lives of policy-holders or minimizing unhealthy conditions, no one can make a personal investigation into what has already been done without being profoundly impressed with, not only the economic, but, more, the beneficent value of the work. Numerous cases where lives have been saved are already on record. Many instances showing improvement in home conditions due to the visits of the nurses are known."

LARGEST COMPANY IN THE WORLD

The largest amount of insurance in force of any Company in the world—\$2,215,851,388, covering 11,288,054 policies.
In 1910 the Company made the largest gain in insurance in force of any Company in the world.

Assets, . . . \$313,988,334.00

IN THE WORLD OF SPORTS

TWO GAMES TODAY IF SUN SHINES

Jupiter Pluvius, whoever he is, decreed that the Patriots and Electricians should not play, and as a result there will be a double-header at Cone park. Lovers of the American game will thus have the opportunity of seeing two games today for a quarter.

The first game will commence promptly at 2:30, and the second will begin 10 minutes after the finish of the first. The Andersonians and locals are well matched and a good game is expected. The double-header will no doubt bring out a good crowd.

The Andersonians, who are again under the management of J. M. Kelly, are in the city. Yesterday was so disagreeable that the men had to stay indoors most of the day.

STINGERS STUNG BY CASHION

Charlotte, May 8.—Cashion was too much for Charlotte this afternoon, winning his game 11 to 0, administering the first shut out to the Hornets. He allowed but four hits and struck out seven men. At all times was he complete master of the situation. With an underhand ball and a fast one that was "Smoky" he fooled all of the Charlotte aggregation.

Manager Cross used three pitchers, Schaeffer, Cummings and Henry, in an effort to stem the tide but without avail.

Score by innings: R. H. E.
Charlotte 000 000 000—0 4 3
Greenville 200 120 303—11 4 2
Batteries: For Charlotte, Schaeffer, Cummings, Henry and Hargrave and Canny. For Greenville, Cashion and Kite.

MUSICIANS NOW PLAYING "BASS"

Spartanburg, S. C., May 8.—In a game rather slow and uninteresting, with the fast pitcher of the locals ineffective, the Twins carried off the first game of the present series 9 to 5. Wagner's base-running for the locals and Spencer's beautiful catch in right field for Winston were the main excitements. The game lasted two and a half hours.

Score by innings: R. H. E.
Winston 000 007 020—9 12 2
Spartanburg 400 000 001—5 10 4
Batteries: Swindell, Ray and Galvin, Lyons, Laval and Westlake. Umpire, Shea.

DIAMOND DUST

Double-header today.

First game will be called at 2:30.

Rain yesterday saved Anderson from defeat.

Lohman, who started into play left-field for the Patriots, has been released.

Two games for the price of one this afternoon.

If you think baseball too high, how will "two for a quarter" do?

Time for the Charlotte knockers to get out their hammers.

What has become of Lave Cross's rabbit-foot?

Let's have two of them today.

Cashion must throw that "rag-time" ball.

Greenville, Charlotte and Winston are tied for the top of the column.

Carroll will join the team here Friday.

Cashion's "smoky" ball was too much for the Hornets.

Doak will be at his old place in today's games.

Now is the time to "root for the home team."

RESULTS OF BIG LEAGUE GAMES

Nationals.

At Boston: R. H. E.
Giants 4 10 1
Boston 5 8 1
Batteries—Raymond and Wilson; Pfeiffer and Randing.

At Philadelphia: R. H. E.
Brooklyn 0 3 1
Philadelphia 5 12 1
Batteries—Bell and Bergen; Alexander and Dooin.

At Pittsburgh: R. H. E.
St. Louis 2 7 3
Pittsburgh 4 9 1
Batteries—W. Steele and Bresnahan; Steele and Gibson.

Americans. R. H. E.
At New York: R. H. E.
Boston 4 8 2
New York 0 1 0
Batteries—Wood and Nunamaker; Caldwell and Blair.

At St. Louis: R. H. E.
Cleveland 2 9 0
St. Louis 4 8 1
Batteries—Knapp and Smith; Lake and Sheitell.

At Chicago: R. H. E.
Detroit 8 10 1
Chicago 2 7 1
Batteries—Covington and Stange; Lange and Sullivan.

Southern.
At Atlanta—Chattanooga 15, Atlanta 6.
At Memphis—Nashville 5, Memphis 1.
At Mobile—Birmingham 3, Mobile 7.

NORTH STATE CAPITAL NEWS

Special to Telegram.

Raleigh, May 8.—The calendar for Fourteenth judicial district will be called for argument in the Supreme Court Tuesday morning, there being fifteen appeals docketed for argument. They follow: State vs. Hawkins; Cox vs. Carpenter; Roberts vs. Baldwin; Strickland vs. Hayes; Logan vs. Moore; Elliott vs. Railroad; Bennett vs. Railway; Rerry vs. Railway; Reid vs. Rees; Summerow vs. Railway; Lumber Company vs. Christianburg; Cherrill vs. Telegraph Co.; Younce vs. Lumber Co.; Williams vs. Railway. The counties comprising the district are Yancey, McDowell, Polk, Burke, Henderson, Rutherford.

There was a voluntary proceeding in bankruptcy filed with the clerk of the Federal court here, Major H. L. Grant, for Finch & Bros., Wilson, lumber dealers, the assets being stated to be \$550 and the liabilities \$2,100.

Superintendent W. R. Coppidge, of the Richmond county public schools, reports to the State Department of Education, the carrying of yet another school district for local tax to improve the schools. Richmond county is making fine progress in this direction it is said.

The Lincoln County Farmer's Union Warehouse Company was chartered today with \$25,000 capital by J. R. Warlick, P. A. Jones and numerous others for doing a general farm product warehouse business under the auspices of the Farmer's Union of the county.

CHURCH OF COVENANT SUPPORTS TWO MISSIONARIES.

At Sunday morning's service at the Church of the Covenant the pastor, Rev. R. Murphy Williams, announced that in the future two missionaries to foreign fields would be supported through the church. For some years the church has been supporting Miss Gertrude Sloan, missionary to China, and the second missionary is Mrs. D. P. Holladay, of Richmond, who is in China. Mrs. Holladay is to be supported by the children of Mrs. Lou Murphy Williams, mother of Rev. Mr. Williams, and the money is to be paid through the Church of the Covenant. The decision to thus support a missionary was decided upon at the family reunion of Mrs. Williams' children on February 23, but the announcement was first made Sunday.
